

Inventorize Office Equipment

Aur lie Bei Jia Gallet
Luca Colli

Rishabh Alexander John
Catalin Zaharia

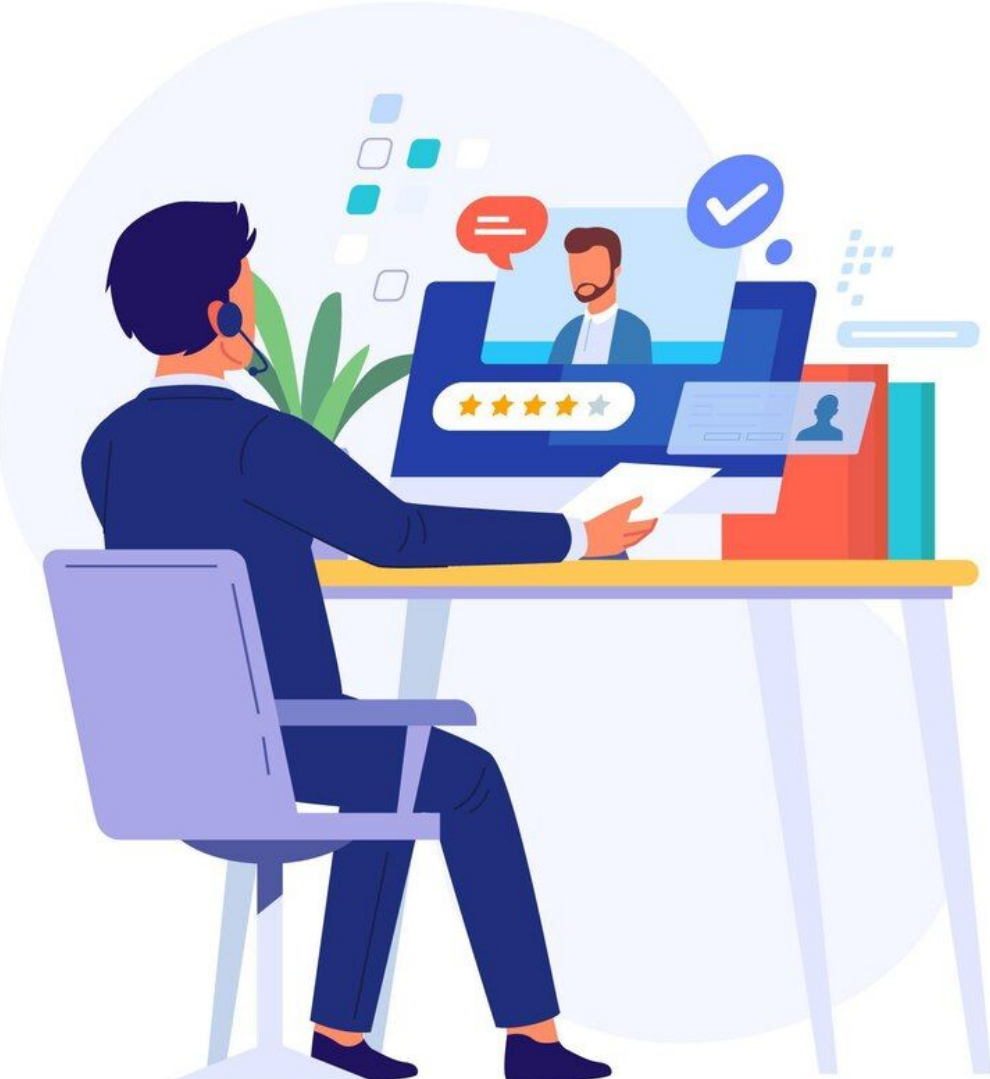

- An **efficient web application** to help Gomibo manage inventory
- An **intuitive UI** allowing for **seamless transition**

Features

- **Database Manipulation:** CRUD operations on the tables of information
- **Search Functionalities:** Searching with filtering across tables
- **Navigation:** Navigation across pages in the application

How is information organised?

Employee

Assigned to

Assigned

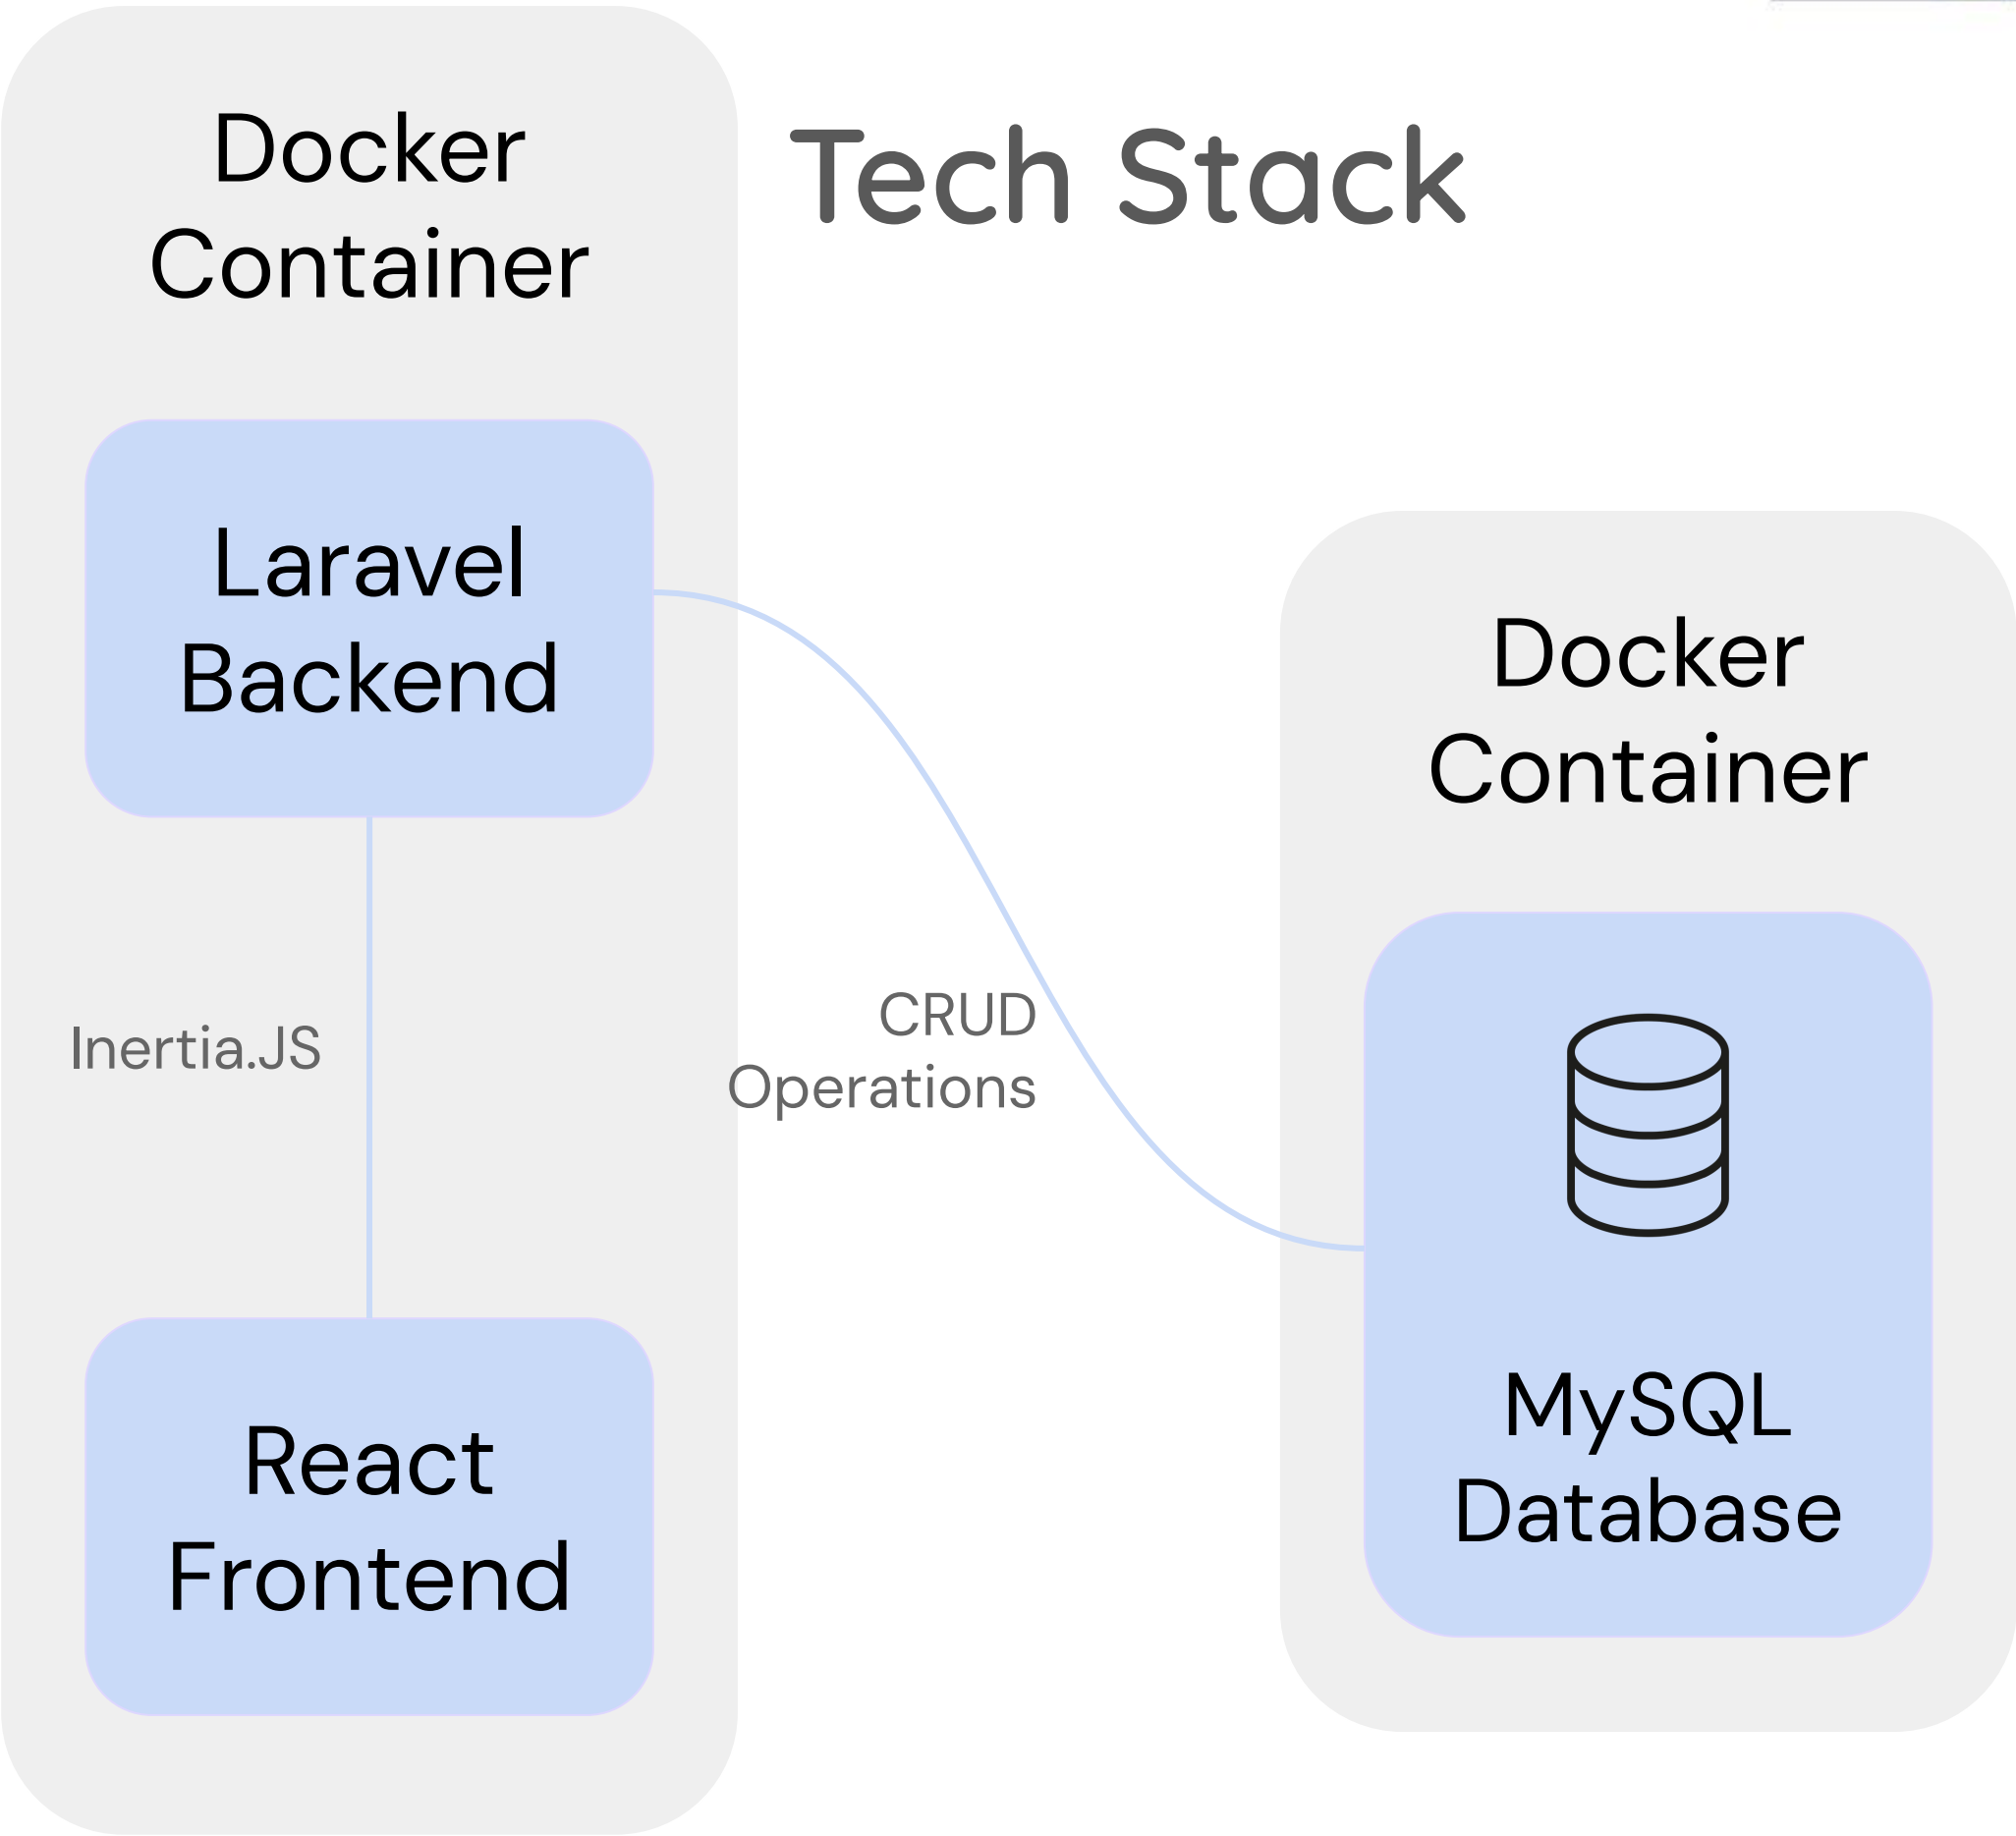

Team

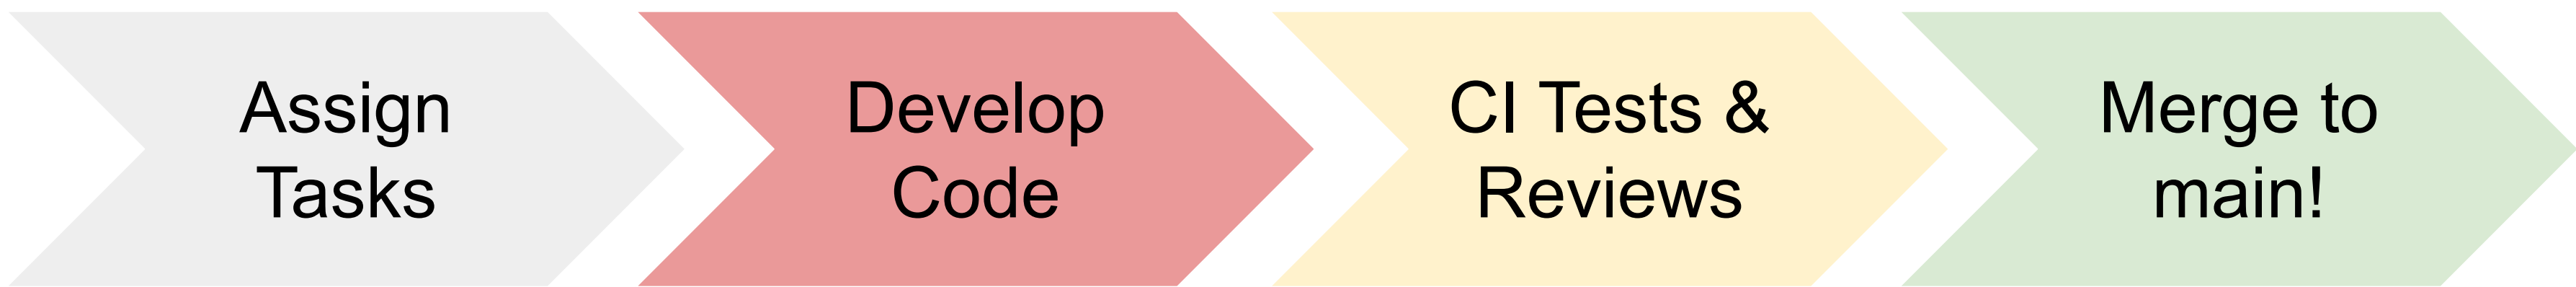

Equipment

- **Laptops**
- **Desktops**
- **Meeting Room Laptops:** Assigned to a room not an employee
